MEDIA ADVISORY/2016 WORKSHOPS ANNOUNCEMENT

Three Days of Eco-Friendly Practices & All-New Home Garden & Green Living Workshops

The Home, Garden and Green Living Show is excited to announce some of the upcoming Southern Energy & Environment Educational Workshops as part of the March 2016 event, including green building, electric vehicles and natural native landscaping.

Ned Ryan Doyle, Educational Coordinator for the 2016 Home, Garden & Green Living Show and formerly Director of the Southern Energy & Environment Expo from 2001 through 2010, said, "It's exciting to team up with the longest running Home Show in WNC again and offer workshops and programs that folks need to help them to 'go green' in and around their homes and community. Hundreds of exhibitors offer great services and products at the HG&GL Show and the educational component helps guide those decisions."

Doyle said, "We'll have the final schedule for dozens of workshops and forums by February 15th, all free with daily admission. These are just a few of the many workshops for the event, and we're very glad to have them participate." These include informational programs from the Blue Ridge EV Club, a chapter of the Electric Auto Association, the WNC Green Building Council and Carolina Native Landscapes. For a full workshop description visit www.homegardenandgreenliving.com/attractions/

About the WNC Home, Garden and Green Living Show:

The 41st Annual WNC Home & Garden and Green Living Show is back and it's BIGGER and BETTER than ever! The premier green living event in Asheville has partnered with the Southern Energy and Environmental Educational Series (SEE EXPO) and will be held at the U.S. Cellular Center in downtown Asheville March 18-20, 2016. As the longest running and most attended WNC Home Show, it will feature products and services for the home and garden as well as dozens of new seminars and workshops with topics ranging from electric vehicles, solar energy, sustainable gardening and everything in between! To join this event or for more information, visit www.homegardenandgreenlivingshow.com.

Tickets are available in advance on the show website:

www.homegardenandgreenlivingshow.com or at the show office at the U.S. Cellular (formerly the Civic Center) Box Office, on website and are on sale during event hours. ALL TICKETS INCLUDE DAILY SEMINARS AND WORKSHOPS!
