GENERAL MEDIA ADVISORY

A MUST SEE EVENT! EXPERIENCE a Healthier Lifestyle at the Home, Garden and Green Living Show!

What:

“Asheville, WNC Home Show Will Be March 18-20, 2016 At The US Cellular Center In Downtown Asheville”

As Asheville’s premier home and garden show, the 2016 WNC Home, Garden and Green Living Show promises to be bigger and better than ever with the partnership of Southern Energy & Environment Expo. This collaboration brings attendees more than 200 exhibitors featuring products and services for the home, garden and an eco-friendly lifestyle, plus dozens of all-new educational workshops with topics including: energy efficiency, urban gardening, eco-transportation, sustainable building, and the latest in green living trends.

At this three-day event, homebuilders will display the latest in home construction techniques, while companies will be exhibiting clean energy products, health and wellness, home repair and renovation, home décor and landscaping. Attendees can learn about getting better gas mileage — and even get behind the wheel of the latest in eco-friendly vehicles.

Why: Consumers are increasingly conscious of incorporating planet-friendly practices into their lives, and they want to discover products, services and ideas that positively impact their personal health and the earth.

What’s New in 2016:

- Antique Appraisals
- Green Rides in partnership with Blue Ridge Electric Vehicle Club
- Brother Wolf Animal Rescue with adoptable pets

About the WNC Home, Garden and Green Living Show:

The 41st Annual WNC Home & Garden and Green Living Show is back and it's BIGGER and BETTER than ever! The premier green living event in Asheville has partnered with the Southern Energy and Environmental Educational Series (SEE EXPO) and will be held at the U.S. Cellular Center in downtown Asheville March 18-20, 2016. As the longest running and most attended WNC Home Show, it will feature products and services for the home and garden as well as dozens of new seminars and workshops with topics ranging from electric vehicles, solar energy, sustainable gardening and everything in between!. To join this event or for more information, visit www.homegardenandgreenlivingshow.com.
